During Your Visit:

Gallery Etiquette:

- Visitors are not permitted to touch artwork, frames, pedestals, or cases. Many artworks are very fragile, and even gentle touches can damage an object over time. Help us preserve these important art objects now and for the future.
- Please use low, indoor, voices when inside the gallery. In many cases, there will be other people visiting the gallery at the same time and we ask that all our visitors be respectful to one another so that all visitors enjoy their experience at 516 ARTS.
- Still photography is permitted at 516 ARTS for private, non-commercial use. The use of flash photography and/or tripods is prohibited at all times. If you post a photo on social media, don't forget to tag it #516arts.
- Please leave all food, drinks, backpacks, and large bags at the front desk.
- Only pencils may be used in the galleries: please don't take pens and markers out.
